2. To know the standard operating procedures of the institute at the time of disaster.
3. To fix the role and responsibility of each and every officer for disaster preparedness.
4. To help the college authority in assessing its own capacity in terms of available resources and get ready to mitigate any unexpected disaster effectively and to prevent the loss of human lives and property through preparedness, prevention & mitigation of disasters.
5. To assist the line departments, block administration, communities in developing compatible skills for disaster preparedness and management
6. To disseminate factual information in a timely, accurate and tactful manner while maintaining necessary confidentiality.
7. To develop immediate and long-term support plans.
8. To have response system in place to face any eventuality.

College Arrangements for Disaster Management

As the college is under the charge of Principal so all policy matters and major administrative decisions are taken by Principal who is assisted by conveners of different committees. All types of planning to reduce the effect of disaster in college is first approved by Principal and then followed by the staff and students of the college.
